

A BLUEPRINT FOR THE TWENTY-SECOND CENTURY

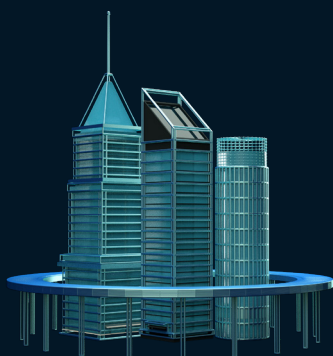

The King Abdulaziz International Conference Center
The Ritz-Carlton, Riyadh

Hosted under the leadership of HRH Prince Mohammad bin Salman bin Abdulaziz Al-Saud, Crown Prince, Chairman of the Council for Economic and Development Affairs and Chairman of the Public Investment Fund (PIF), the second-annual Future Investment Initiative (FII) will serve as **a platform to drive expert-led debate, discussion, and partnerships among the world's most visionary and influential leaders in business, government, and civil society.**

FII will continue to shape the **future of global investment** through an **immersive three-day program featuring interactive conversations** with global leaders, private meetings, curated roundtables, world-class entertainment, unparalleled CEO networking, and deep engagement with global media.

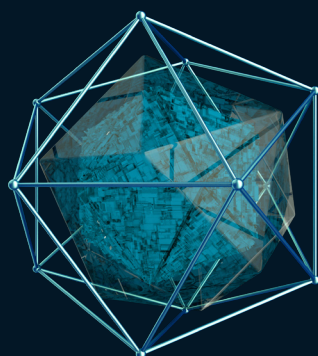

FII PILLARS

The Future Investment Initiative is organized around three pillars that represent the **most important trends in business and global investment.**

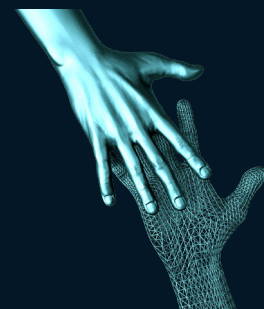

INVESTING IN TRANSFORMATION

The world's top investors are creating **new cities** and **transforming economies.**

TECHNOLOGY AS OPPORTUNITY

Technologies are now enabling **new economic opportunities** through personalization and industrialization at scale.

ADVANCING HUMAN POTENTIAL

A world where humans and machines work together to **create safer, more productive, and happier lives.**

FII SUMMITS

FRONTIERS OF HEALTH

What emerging technologies, platforms, and treatments are delivering on the promise of new biological and intellectual advancements?

IMMERSIVE TECHNOLOGY

How will the new machine age enable creators and entrepreneurs to build new companies and invent new business models?

URBAN FUTURE

How will the most ambitious, connected, and technologically advanced cities in the world change transportation, work, culture, and human life?

CROSS-SECTOR TASKFORCES

Twelve interdisciplinary workshops curated by our global knowledge partners.

ABOUT THE PUBLIC INVESTMENT FUND

The Public Investment Fund seeks to become one of the largest and most impactful sovereign wealth funds in the world. Its mission is to create new sectors and opportunities that will shape the future global economy and drive the economic transformation of Saudi Arabia. In October 2017 at the Future Investment Initiative, the PIF Program (2018-2020) was launched as part of the Kingdom's Vision 2030 Vision Realization Programs (VRP). The PIF Program is one of twelve VRPs and acts as a roadmap for the next three years to strengthen PIF's position as the engine behind economic diversification in the Kingdom and role in transforming Saudi Arabia into a global investment powerhouse.
