

# FII 4<sup>TH</sup> EDITION

JANUARY 27-28, 2021  
MULTI-HUB CONFERENCE

## *THE NEO-RENAISSANCE*

### INTRODUCTION

As the world begins to imagine a more equal, thriving, and sustainable world coming out of the pandemic, the FII community will marshal the collective resources and collective action to drive forward a 'new renaissance' for the global economy. It is by matching humanity's resilience with ground-breaking digital transformation, by calling for inclusivity, that FII leaders will address the critical areas of education, healthcare, sustainability and the future of investment.

### THE MULTI-HUB CONCEPT

The FII Institute will host the Fourth Edition of FII, a multi-hub conference that will link leaders, investors and policymakers as they re-imagine the global economy amid the Covid-19 pandemic.

The conference will be held on January 27-28 at the King Abdul Aziz International Conference Center (KAICC) in Riyadh, with speakers and audiences joining virtually from FII satellites in New York, Paris, Beijing and Mumbai. The FII Institute will act as the curator of a global conversation that is needed to spark concrete actions and mobilize cross-border thought leadership, collaboration and resources.

## ABOUT THE FII INSTITUTE

The Future Investment Initiative Institute is a new generation of not-for-profit foundation.

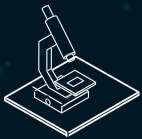

### VISION

Empower the world's brightest minds to shape a brighter future for all, with all.

### MISSION

Curate & enable ideas that can solve today's global challenges using technologies that have the potential to impact humanity sustainably.

### FOUR IMPACT AREAS:

#### HEALTHCARE

Leverage new, dynamic applications of technology to disrupt the traditional healthcare and life-sciences industry

#### ARTIFICIAL INTELLIGENCE

Teaching machines to think and act like humans to take over an increasing share of "human work"

#### SUSTAINABILITY

Deploy technologies to ensure development meets the needs of the present without compromising the ability to meet the needs of future generations

#### ROBOTICS

Design, construct, operate robots as well as computer systems based on their control, sensory feedback, and information processing

### BOARD OF TRUSTEES:

**H.E. Yasir Al-Rumayyan**  
Governor of the Public Investment Fund; Chairman of the FII Institute

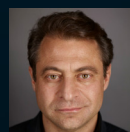

**H.R.H. Princess Reema Bint Bandar Al Saud**  
Saudi Ambassador to the United States of America

**Professor Adah Almutairi**  
Professor & Co-Director of the Center of Excellence in Nanomedicine & Engineering, University of California San Diego

**Mr. Richard Attias**  
Executive Chairman RAGA, CEO FII Institute

## ABOUT THE FUTURE INVESTMENT INITIATIVE (FII)

The Future Investment Initiative is a platform driven by expert-led debates, discussions, and partnerships among the world's most influential leaders in business and government. For the past four years, the FII community has shaped the future of global investment through an interactive program featuring conversations with global leaders, executive roundtables, and networking among CEOs and policymakers.

## TWO-DAY PROGRAM

Organized around the priorities of the FI Institute and three pillars shaping the future of global business and investment.

<p><b>01</b></p>  <p><b>NEXT GENERATION LEADERSHIP</b></p> <p>Bold ideas and fresh thinking to rebuild the global economy</p>	<p><b>02</b></p>  <p><b>FRONTIER INNOVATIONS</b></p> <p>Disruptive technologies and business models to accelerate digital work, life and leisure</p>	<p><b>03</b></p>  <p><b>INVESTMENT FOR HUMANITY</b></p> <p>Sustainable capital and resources to breathe new life into companies and markets</p>
--	---	--
