## WORLD-LEADING SUMMIT ON THE FUTURE OF GLOBAL INVESTMENT FOR HUMANITY

In January 2021, the Future Investment Initiative Institute hosted a hybrid virtual and physical gathering of CEOs and policymakers to celebrate a neo-renaissance of the global economy. Now, as our new collective future begins to take shape, it is more important than ever for this community to organize around the central challenge of our time – how to Invest in Humanity.

For many at the top of the economic pyramid, the pandemic unleashed new sources of wealth and economic growth. For others, it brought widespread social and economic challenges. Structural inequalities between rich and poor and developed and emerging economies are unsustainable. How can leaders from business and government leverage the transformations of the past year to ensure progress, prosperity, and opportunity for all? Join us to participate in shaping a prosperous, sustainable future for Humanity.

## ABOUT FII INSTITUTE

FII Institute is a new-generation nonprofit foundation where the pledge is Action and the agenda is Humanity.

### VISION

Empower the world's brightest minds to shape a brighter future for all, with all.

### MISSION

Curate and enable ideas to solve the world's most urgent challenges through advanced and sustainable technologies.

#### FII Institute has four main focus areas:

#### Healthcare

Leverage new dynamic applications of technology to disrupt the traditional healthcare industry

#### Sustainability

Deploy technologies to ensure development meets the needs of the present while considering needs of future generations

#### AI

Teach machines to identify patterns, paving the way to a wider range of globally-relevant solutions

#### Robotics
