

OCT. 24-26, 2023

FII7 Program At A Glance

Vision Sessions:

Forward-looking sessions jointly developed with FII's Strategic Partners in leading global enterprises and cornerstone MENA companies, who present frontline insights on commerce and investment trends. The sessions enable constructive dialogue on pressing economic priorities from the viewpoint of business leaders and investors shaping the marketplace.

Impact Sessions:

Sessions co-developed with FII's Knowledge Partners, including academic and NGO thought leaders, tackling major global challenges like climate change, hunger and healthcare inequality. By collaborating on programming, FII shares insights from research partners aimed at moving the world's needle on these pressing issues.

PROGRAM INNOVATIONS FOR 2023

FII Lab:

Immersive workshops facilitating collaborative problem-solving. Participants tackle emerging challenges and prototype solutions on emerging issues ranging from inclusive energy to the future of quantum.

Conclaves:

An exclusive format enabling influential leaders across sectors to engage in candid dialogues on complex issues unsuitable for public discussion. The off-the-record setting allows key decision-makers to share frank perspectives, float unconventional ideas, and build relationships that foster nuanced problem-solving.

Innovation Hub:

A dynamic stage tailored for founders and VCs featuring punchier, responsive sessions that facilitate quick interactions between the audience and innovation community. The format is designed to create an engaging environment for the entrepreneurial ecosystem.
